

Director Revenue Capture and Charge Master

Catholic Health is looking for a Director of Revenue Capture and Benchmarking for the Revenue Management Center.

The main responsibilities of the Director will be planning and organizing the initiatives supporting revenue capture and integrity while maintaining compliance with all regulatory requirements, directing and providing oversight for the staff, and coordinating the CDM maintenance process. This individual will work closely and collaborate with the other revenue cycle leaders and review operational effectiveness by auditing and measuring the revenue cycle process including charge capture and reconciliation procedures.

Ideal applicants must possess a Bachelors degree, as well as 7 years' experience in chargemaster, coding, billing and/or reimbursement, and 5 years supervisory experience. Expertise in financial reporting and revenue cycle management is required. Excellent leadership, analytical, interpersonal, communication, organization, and problem solving skills are a must.

Interested applicants are encouraged to apply via the website at www.chsbuffalo.org.
