2020 340B Update

Presented by Thomas Niles, CPA, CIA, StoneBridge Business Partners

March 30, 2020 | 1:00 PM EST

THIS 1-HOUR WEBINAR PRESENTATION WILL DISCUSS:

The 340B Drug Pricing Program has become increasingly integral for safety net health care providers to provide care and services to patients across the country. Since 2014, it is estimated that medication purchases under the 340B Program have increased at an average of 28% on an annual basis, with total purchases exceeding \$24B in 2018. As of October 1, 2019, participation in the program has grown to include over 12,000 covered entities with over 34,000 associated Child Sites. With this growth has come increased scrutiny and calls for oversight. The purpose of this webinar will be to provide HFMA Region 2 members with an update on:

- Current 340B events – including legislative and legal updates
- HRSA Audit process updates and latest results
- Observations from the field
- Covered Entity best practices
